REVITALIZING MONTEVERDI HAMMAM

This multi-sensorial experience is inspired by ancient rituals intended to purify the body. The cleansing treatment calls on a blend of oriental scents that will melt your tensions and recalibrate your energy levels. Our aestheticians also use authentic Aleppo Soap infused with olive oil and laurel, and a glowing White Cristal and Royal Jelly face and body mask. You will enjoy a detoxifying soak in the steam bath, or the Calidarium, followed by a nourishing Argan Oil massage.
